

Epidemic Prevention Reminder

The Ministry of Labor will tell you what to do

~ Diagnosis of Residents ~

When someone in the dormitory is infected, what should the others do?

How to deal with a Migrant worker/friend who has a fever and cough symptoms?

If contacted with a confirmed infected patient, how to apply for a leave during the quarantine period?

Had contact with a confirmed infected patient

- ❑ Home/Centralized Quarantine 14 Days
- ❑ According to the law, employers should give 14 days of 「Epidemic Prevention and Isolation Leave」, **shall not be regarded as non-full attendance, and must not discriminate the worker.**

Covid-19 Negative Under Home/Centralized Isolation (Quarantine) 14 days eligible for release from quarantine

- ❑ Must be under self-isolation for 7days
- ❑ Employers and workers both agree on how to verify the leave
- ❑ With the worker' s consent, sick leave, personal leave, vacation leave, compensatory leave or other adjustments, arrange working hours, etc.

According to the law: Special Act for Prevention, Relief and Revitalization Measures for Severe Pneumonia with Novel Pathogens Article 3

If contacted with a confirmed infected patient, How will the salary be paid during the isolation period?

Home/Centralized Quarantine

- ❑ It is not mandatory for the employer to pay the wages, can have a mutual employer-employee agreement on the matter.
- ❑ If employer fails to pay the wages, migrant workers can apply for Epidemic compensation · NT\$ 1,000/day, to a total amount of NT\$14,000.

Self-Health Management

- ❑ Salary is handled according to the **Existing Leave regulations**, for example: Vacation leave (full salary) · Regular sick leave (half paid salary) · Personal leave (no salary), etc.

The Ministry of Labor emphasized that both employers and workers must cooperate with the Epidemic Prevention. In addition, workers can apply for a leave in accordance with the regulations, both parties can also negotiate and adjust the working hours, work together and do their best in the prevention of the epidemic.

What are the terms and condition for epidemic prevention compensation application?

Migrant workers who received quarantine or has been quarantined due to the epidemic can apply from the **Ministry of Health and Welfare** for epidemic prevention compensation of NT\$1,000 per day (Epidemic prevention compensation can be applied within two years from the day the isolation or quarantine ends.)
